

New Jersey's Land Trust Council

Networking for Nature, 2008

Calling all GIS Managers from Land Conservation Organizations: **Let's Talk Mapping!**

Who Should Attend: GIS managers from nonprofit conservation organizations.

Hosted by: Stony Brook-Millstone Watershed Association

Date: Thursday, December 11, 2008

Time: 10am - Noon

Location: Stony Brook-Millstone Watershed Association Reserve
31 Titus Mill Road
Pennington, NJ
See website for directions: www.thewatershed.org

Program: This program is specifically designed for GIS managers from nonprofit conservation organizations. The goals for this meeting are twofold. First, we'd like for GIS managers to get to know each other, discuss common issues and share successful strategies. Second, we'd like to discuss the possibility of creating a GIS data layer for nonprofit preserved lands in the state. You are invited to bring a map or shapefile of your organization's landholdings.

Lunch will be served at noon. Participants are invited to explore the Buttinger Nature Center and trails on the Watershed Association's Reserve after lunch.

Please **RSVP by December 8th** to secure a lunch!
