

The NJDEP **New Jersey Water Supply Areas** layer is being updated to reflect a new data structure and layer name.

Current layer name: Envr_mon_water_supply_bnd

New layer name: Util_drinkwater_PSA

The new layer is currently in the test environment.

To view the changes please visit:

<http://geodatatest.state.nj.us/arcgis/rest/services/Features/Environmental/MapServer/15>

The layer will be finalized and published to production by Thursday, September 14th, 2017, and will be available here:
